

## Volunteer Application

Books Revisited is hosted by the Books Revisited Literacy Foundation (BRLF). The BRLF is a non-profit organization that raises money with all profits going to support the Alamogordo Public Library and other literacy projects throughout Otero County. We are always looking for positive, energetic volunteers to assist in helping the community awareness and funding for the current library and maintaining the dream of a newer Alamogordo facility in the future. Please tell us a little about yourself below, using the reverse side of the application if necessary.
